### Live in the moment,

Just take it all in.  
Spare not your attention,  
Right there and right then.

Let not your mind wander  
To what's coming next.  
Cherish this moment  
And give it your best.

Don't let tomorrow  
Make you rush through today,  
Or many great moments  
Will just go astray.

And the person you're with,  
In that moment you share,  
Give them all of your focus;  
Be totally there.

Laugh till it hurts,  
Let the tears drop.  
Fill up each moment  
With all that you've got.

Don't miss little details;  
The lesson is there.  
Don't get complacent;  
Stay sharp and aware.

It can take but a moment  
To change your life's path.  
And once it ticks by,  
There is no going back.

In just 60 seconds,  
You may make a new friend.  
Find your true love,  
See life start or end.

You become who you are  
In those moments you live.  
And the growth's not in taking  
But in how much you give.

Life is just moments,  
So precious and few.  
Whether valued or squandered,  
It's all up to you!

**Moral:** "You are the light of the world. A city set on a hilltop cannot be hidden. Nor do men light a lamp and put it under a bushel, but on a stand, and it gives light to all in the house."

Under a bushel ... or on a stand ... Which will it be for you ... for me??
