The Value of Time

Imagine there is a bank that credits your account each morning with \$86,400. It carries over no balance from day to day. Every evening the bank deletes whatever part of the balance you failed to use during the day. What would you do? Draw out every penny, of course!! Each of us has such a bank. Its name is TIME. Every morning, it credits you with 86,400 seconds. Every night it writes off, as lost, whatever of this you have failed to invest to good purpose. It carries over no balance. It allows no overdraft. Each day it opens a new account for you. Each night it burns the remains of the day. If you fail to use the day's deposits, the loss is yours. There is no going back. There is no drawing against the **"tomorrow."** You must live in the present on today's deposits. The clock is running. Make the most of today!

To realize the value of ONE YEAR, ask a student who failed a grade.

To realize the value of ONE MONTH, ask a mother who gave birth to a premature baby.

To realize the value of ONE WEEK, ask the editor of a weekly newspaper.

To realize the value of ONE HOUR, ask the lovers who are waiting to meet.

To realize the value of ONE MINUTE, ask a person who missed the train.

To realize the value of ONE SECOND, ask a person who just avoided an accident.

To realize the value of ONE MILLISECOND, ask the person who won a silver medal in the Olympics.

Yesterday is history. Tomorrow is mystery. Today is a gift. That's why it's called the present!!

Moral: St. Peter was a different man after Pentecost when he received the Holy Spirit - Today, he is a man of little faith. Jesus is showing us that without the Holy Spirit we are weak and vulnerable. That's why we need to pray each day for the renewal of the power of our Confirmation with its gifts of Faith ... Courage ... Wisdom and much more.
