Re Careful of What You Plant

An emperor in the Par East was growing old and knew it was time to choose his successor. Instead of choosing one of his assistants or his children, he decided on something different. He called the young people in the kingdom together one day. He said, It is time for me to step down and choose the next emperor. I have decided to choose one of you. The bids were shocked! But the emperor continued. I am going to give each one of you as seed today. One very special seed... I want you to plant the seed, water if and come back here after one year from today with what you have grown from this one seed. I will then judge the plants that you bring and the one I choose will be the next emperor!

Come

One how named Ling was there that day and he like the others received a seed. He went home and excitedly told his mother the story. She helped him to get a not and soil and he planted the seed and watered it carefully. Every day he would water it and watch to see if it had grown. After about three weeks, some of the other youths began to talk about their seeds and the plants that were beginning to grow. Ling kept checking his seed, but nothing ever grew. 3 weeks. 4 weeks ... 5 weeks went by - still nothing! By now, others were talking about their plants. Everyone else had trees and tall shrubs, but ling had nothing; he didn't say anything to his friends, so embarrassed was the poor fellow. However, he just kept waiting for his seed to grow. A year finally went by and all the youths of the kingdom brought their plants to the emperor for inspection. Ling told his mother that he wasn't going to take an empty pot. "Be honest about what happened." she advised: "honesty brings its own reward! Ling felt sick to his stomach, but he knew his mother was right. He took his empty pot to the palace. When ling arrived he was amazed at the variety of plants grown by the other youths. They were heautiful in all shapes and sizes. Ling out his empty not on the floor and many of the other kinds laughed at him. A few felt sorry for him and just said. "Hey! Nice try."

When the emperor arrived, he surveyed the room and greeted the young people. Ling just tried to hide in the back. "What great plants, trees and flowers you have grown!" said the emperor. "Today, one of you will be appointed the next emperor." All of a sudden, he spotted ling at the back of the room with his empty pot. He ordered his guards to bring him to the front. Ling was terrified... "The emperor knows I'm a failured Maybe he will have mee punished," he thought. When Ling got to the front, the emperor asked him his name. "My mane is Ling," he replied. All the kids were laughing and making fun of him. The emperor asked everyone to quieten down. He looked at Ling and then announced to the crown. "Shoold your new emperor. His name is Ling," Ling couldn't believe it. He couldn't even

grow his seed. How could he be the new emperor?

Then the emperor said, "One year ago today, I gave everyone here a seed. I told you to take the seed, plant it, water it, and bring it back to me today. But I gave you all boiled seeds which mould not grow. All of you, except ling, have brought me trees and plants and flowers. When you found that the seed would not grow, pug substituted another seed for the one I gave you. I and was not you with the courage and honesty to bring me a pot with my seed in it. Thus, he is the one who will be the new smooror."
